HP TouchSmart IQ524 PC

The next generation touch computer
The next-generation, touch-enabled PC combines a 22" diagonal hi-def[27] widescreen with a powerful energy efficient Intel® Core™ 2 Duo[28] processor in a single, integrated design. Includes HP TouchSmart software, webcam,[29] media card reader, and premium speakers for fast, easy access to photos, videos, music and applications.

HP recommends Windows Vista® Home Premium.

THE COMPUTER IS PERSONAL AGAIN.

Your digital life at your fingertips

- Touch-screen technology puts your digital life at your fingertips with fast, easy access to info, entertainment and social networks.[29]
- Next-generation HP TouchSmart software simplifies access to photos, videos, music and applications.
- Quick and easy touch access to your digital world.

The slim, stylish, next-generation PC

- Sleek, next-generation design combines a 22" diagonal hi-def1 widescreen with a powerful energy efficient Intel® Core™ 2 Duo[2] processor.
- Plug one power cord into the wall and you're ready to go.
- Wireless keyboard and integrated WLAN[4] offer a truly wireless experience.
- Low profile wireless keyboard stows away when not in use, freeing up valuable desk space.
- HP Ambient Light lets you set a mood, or see your keyboard in the dark.
- Sleek piano black design with elegant black side-panel highlights.

Watch your photos, movies and music come to life

- Next generation HP TouchSmart software brings a new level of fun to your photos, videos and music.
- Watch your favorite shows on the integrated 22" diagonal hi-def[27] widescreen–makes for amazing slideshows too!
- Enjoy high quality sound through the integrated premium stereo speakers.
- Watch and burn your personal videos with the built-in DVD burner.[31]

HP is committed to behaving in an environmentally responsible manner

HP is committed to reducing our own environmental impact, as well as that of our customers, partners and suppliers. Our goal is to provide products and services that are designed with the environment in mind, and to conduct our operations in an environmentally responsible manner.

- With advanced power management features, all HP TouchSmart IQ 500 series PCs have earned the ENERGY STAR® and are EPEAT registered at the silver level.
- HP Power management technology can reduce PC energy use up to 45%.[32]
- HP TouchSmart IQ 500 series PCs use a new packaging design that greatly reduces plastic foam cushioning materials.[33]
- HP TouchSmart IQ 500 series PCs next generation chassis design uses 55% less metal and 37% less plastic than standard PCs and monitors.[34]

Award winning service and support

HP stands behind our products and protects your investment with award-winning service and support available around the clock by phone, e-mail, and online.[29]

- Every TouchSmart PC comes with special HP Total Care.
  - 24/7 service and support for the first year via our North America call center.
  - Dedicated toll-free telephone support at 1866.408.5408 in English and Spanish in the United States or English and French in Canada.
  - Real-time online chat.
  - E-mail, usually answered within one hour.
- A desktop icon offers one-click access to online technical support, troubleshooting and downloads.

[1] Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.mspx and www.microsoft.com/windowsvista/getready/capable.mspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
[2] Intel's numbering is not a measurement of higher performance. Dual/Quad Core is a new technology designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. [3] Up to 256MB of main system memory may be allocated to support video graphics. [4] For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 10GB of storage space is reserved for the system recovery software. [6] Actual speeds may vary. Does not permit copying of commercially available DVD movies or other copyright-protected materials. Intended only for creation and storage of original material and other lawful uses. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media. (TouchSmart - DVD+/-R/RW 8X SuperMulti Slim Slot SATA Std Bezel) When mentioning drive speed, add: Data transfer rates up to 3,600 KB/s (CD read/write) and 10,816 KB/s [10] Internet access required and sold separately. [11] Internet access required. First 60 days included; subscription required for live updates afterwards. [13] Intended for your original content and other lawful uses. Do not copy copyright-protected materials. Internet access required and sold separately. Instant messaging software required. [15] Internet access requires payment of additional fees or subscription for use. Offer does not include local telephone company charges, if any, or applicable taxes. Any long distance charges incurred will be the responsibility of the customer. Please make sure your access number is local. A valid credit card is required to initiate the service. This offer valid in the U.S.A. only. Additional terms and conditions may apply, see AOL offer for details. [19] Wireless access point and Internet service sold separately. The specifications for the 802.11n WLAN are draft specifications and are not final. This may affect the ability of the PC to communicate with other 802.11n WLAN devices. [24] Power supply upgrade may be required for graphics card upgrade, check with graphics card supplier. [27] Up to 30% performance increase versus GeForce 9300GE without hSLI and GeForce 8200 gfx chipset. Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs. [28] High definition (HD) content is required to view HD images. [29] Internet access required. [30] Wireless access point and Internet service sold separately. [31] Don't copy copyright-protected materials. [32] According to estimates made using EPA statistics comparing PCs with and without power management. For more information see: http://www.energystar.gov/ia/business/bulk_purchasing/bpsavings_calc/Calc_computers.xls. [33] Paper based cushioning materials are used for most standard palletized shipments; foam cushions are still used for some harsh and parcel shipments. [34] Percent reduction based on comparison to an HP Pavilion a6000 PC and HP w2207 monitor bundle.
